Research Summer Student Internship

Position Information

Employer:
NorthShore University HealthSystem

Division:
N/A

Title:
Research Summer Student Internship

Position Type:
Internships

Description:

NorthShore University HealthSystem (NorthShore) is a comprehensive, fully integrated, healthcare delivery system that serves the greater North Shore and Illinois communities. NorthShore is committed to earning the loyalty of those who come to us for care and those who play a role in providing that care. Service Values which include: Exceptional Customer Service, Supportive Workplace Interactions and Professional Work Ethic, define the behaviors that each employee demonstrates with co-workers, patients and families, physicians, and visitors.

To learn about the many benefits of working at NorthShore, which include a supportive work environment that promotes professional and career development, recognition of our staff for providing excellent service and a competitive benefits package, please visit www.northshore.org/careers.

NorthShore University HealthSystem is committed to working with and providing reasonable accommodation to individuals with disabilities. Please refer to the main career page for more information.

Position Overview

Our Summer Internship Program offers current undergraduates the opportunity to gain real-world medical research experience. NorthShore University HealthSystem faculty serves as program mentors -- introducing students to areas and activities within Research.

There are 5 summer student positions available for the Summer 2016 program. The positions are located at Evanston Hospital or the Research Institute in downtown Evanston.

The positions are open to students who are beginning or continuing their undergraduate degrees in a science related field in the Fall of 2016. If you have already received your undergraduate degree or will be graduating prior to September 2016 you are not eligible to apply.

How To Apply

Note: If you do not have Federal Work Study as part of your Financial Aid, you may not qualify for jobs that require FWS.
