Fall & Summer Registration

Fall 2013 Registration

Fall registration begins the week of April 15th. You should see your specific registration time pop up in your LOCUS account around April 1st.

• Take the time to plan your schedule before your registration time. Have back-up courses in mind as well.
• Adding a class to your Shopping Cart does NOT mean you are enrolled in the course. You need to take the next step to complete enrollment.
• Build your schedule around classes you know you need (i.e., if a required class for your major is only offered in the fall, make sure to enroll in it first).
• If you need to repeat a class, either email your advisor or come to walk-in hours (see below).
• If a class requires Department Consent, make sure you get in touch with that department to see what you need to do to be enrolled in the class.
• If a class requires Instructor Consent, contact the instructor listed on LOCUS to request permission to take the class.

If you want to consult with your advisor about Fall classes, make an appointment early. You can schedule an appointment by calling 773-508-3500 or email your advisor with any questions.

Summer 2013 Registration

Still planning on taking a summer course? Registration is open and classes are filling up, so enroll now!

If you are thinking of taking a summer course at another university, please make an appointment to speak with your advisor and remember the following:

• You need to get the course approved BEFORE you take it.
• Students are allowed to take up to 12 credits elsewhere after they matriculate at Loyola. Note: If you have already transferred in 60 credits or more, you are not eligible to take courses elsewhere.
• CORE courses may NOT be taken elsewhere over the summer.
• Major/Minor course approvals need to first be approved by the appropriate academic department and then by your academic advisor. General elective courses can be approved by your academic advisor.
• If a course is offered at Loyola in the summer, students are NOT eligible to take the course at another school.

CAS Advisor Movie Recommendations (yes, this is entirely our opinions)

1. Cedar Rapids (John C. Reilly as “Deanzie” sells insurance; hilarity ensues)
2. Django Unchained (the “D” is silent)
3. Cloudy with a Chance of Meatballs (great news: upcoming sequel in the works!)
4. The Five Year Engagement (you’ll laugh; you’ll cry; you’ll never want to visit Michigan!)
5. Lethal Weapons 1-4 (Do it. These were Mel Gibson’s better days)
6. Your Sister’s Sister (not a movie version of the TV show, Sister Sister)
7. Despicable Me (“It’s so fluffy!”)
9. Batman & Robin (solely because of George)
10. Out of Sight (Most underrated movie ever. Vintage J. Lo & the ever-favorite, George Clooney)
11. Silver Linings Playbook (J.Law… not to be confused with J. Lo)
12. Grosse Point Blank (who doesn’t love the Cusaks? they’re local folks)
13. Home Alone *(see trivia question to the left)

Kudos to Angela Ahlgren for correctly answering last month’s trivia question, “What do Chicagoans fondly refer to their “neighbors to the north” in Wisconsin as?” Angela correctly answered, “Cheeseheads!” Will YOU get this month’s trivia question?

New Trivia Question: In which Chicagoland suburb is the original Home Alone house located?
