## Bachelor of Arts (B.A.) Major in Biochemistry

Suggested Sequence of Chemistry, Biology, Math, and Physics Courses:
Students NOT placing in Math 118 or higher cannot start the Chemistry sequence until Math 117 is completed with a grade of C-or better. Such students are advised to enroll in first-year Chemistry courses in the summer sessions (after meeting the math requirement) in order to complete the major in four years.

Chemistry 300 (Undergraduate Research) and Chemistry 380 (Seminar) are strongly recommended and required to receive Departmental Honors with graduation. Credit hours earned in Chemistry 300 and/or Chemistry 380 do not count as elective hours satisfying the BIOC degree requirement. CHEM 361 does not count towards the BIOC-BA degree.

## *Two Biochemistry Electives are required:

One course must be from among these Biochemistry Focus Electives:
CHEM 365, 385, 386, 387, 388
and for the other you can choose from any of these Biochemistry Electives:
CHEM 323, 365, 385, 386, 387, 388, 396
BIOL 380, 382, 388, 389
BIOL/STAT 335
