TLLSC Partners

Our initial teacher preparation program, *Teaching, Learning, and Leading with Schools and Communities* (TLLSC), is field-based and grounded in partnerships with Chicago-area schools, community organizations and cultural institutions. Through these partnerships, our candidates work with educators to provide P-12 students engaging academic instruction while tending to social emotional needs.

Our partners are located primarily in the Chicago area with a significant number of school partners in the neighborhoods that surround Loyola’s Lake Shore Campus:

---

**Rogers Park**

- [Armstrong Elementary School](#)
- [Boone Elementary School](#)
- [Jordan Community School](#)
