Loyola University Chicago City-Wide Chapter Reactivation and Membership Compliance Policy and Procedures

Purpose

According to the Membership Retention Policy adopted by the Multicultural Greek Council in April of 2011, each member organization must maintain a minimum of 5 members. This is also in accordance with the Student Organization Handbook for registering a student organization.

In order to maintain a consistent presence on campus, all city-wide organizations are required to adhere to the Membership Retention Policy. A timeline for compliance has been established to bring city-wide chapters to the required membership.

Conditional Circumstances

If an organization has placed a hold on intake processes including any city-wide charters pertaining to LUC, the following timeline will be suspended until one (1) semester after the hold has been removed. (Ex. If the chapter intake hold is lifted in spring 2015, the timeline for compliance will begin fall 2015).

If a chapter has become inactive on campus due to judicial suspension or expulsion, the city-wide chapter may not be reactivated, but may seek a campus charter through the expansion process.

If a chapter has become inactive on campus due to unmet membership requirements and wishes to reactivate, the chapter will have two (2) semesters to reach the required minimum. If the required minimum is not met in this timeframe, the city-wide chapter may not be reactivated at LUC but may seek a campus charter through the expansion process.

If a city-wide chapter seeks reactivation more than once in a two year period, the city-wide chapter may not be reactivated at LUC but may seek a campus charter through the expansion process.

City-wide Reactivation Procedure

A City-wide chapter must follow the reactivation procedure if the chapter has been inactive at Loyola for one (1) or more semesters. For example, if a chapter graduates all Loyola University Chicago members in May, but wishes to host informations in the fall, the chapter does NOT need to seek reactivation. However, if the same chapter does not wish to host an informational until the spring semester, they must follow the reactivation procedures.
