In order for you to view a student’s presentation from your class group, the student must assign their presentation to the group. For instructions on assigning a presentation to a group, please visit PowToon for Students: Assign a PowToon to a Group.

View a Student’s Presentation

1. After logging into PowToon, click the Class tab.

2. Once a student has assigned a presentation to your class group, you will see a notification within the group.

3. Click the down facing arrow to see notifications by student.

4. The number of new submissions by student will appear horizontal from their name.

5. Click on the student’s name to view all of their submissions.

6. Click View, next to the submission you wish to view.
