*Note: When connecting a device to the Apple TV, you must make sure your device is running iOS 7 or later and is equipped with Bluetooth 4.0. Click here for information on identifying your device.

Connecting to Loyola’s Wi-Fi Network
1. Select the Settings button on the main screen of your device.

2. Select the Wi-Fi.
3. Swipe the Wi-Fi switch to turn on Wi-Fi.
4. Find and select Loyola’s network.

Note: If you have not registered your device to Loyola’s Network recently, you will need to do this by following the Bradford Registration Instructions.

Connecting a Device to the Apple TV
1. Swipe up from the bottom of your device to bring up the Control Center.
Connecting an iPad or iPhone to the Apple TV

Note: Make sure that Wi-Fi is on, connected to Loyola’s network, and that Bluetooth is turned on.

2. By turning on **Do Not Disturb**, all notifications, messages and calls will be turned off and stops them from appearing on the screen.
3. If Wi-Fi and Bluetooth are both turned on, an Airplay option will display.
4. Select **Airplay**.

5. Choose the classroom that you wish to connect to.
6. Swipe to make sure mirroring is on.

Note: Only one device can be connected to the Apple TV at a time.

7. Your device will ask you for a 4-digit code that will appear on your screen.

   Note: In order to see the 4-digit code on the projected screen, you will need to display the Apple TV screen by selecting the correct source from the touch panel.

**Disconnecting a Device from an Apple TV**

1. Swipe up from the bottom of the screen on your device to access the **Control Center**.
2. Press the **AirPlay** icon.
3. Select the device from the list (i.e. iPhone, iPod, iPad).
