Note: If you have not registered your device to Loyola’s network recently, you will need to do so before connecting to the Apple TV.

Connecting a Device to the Apple TV

1. Swipe up from the bottom of your device to bring up the **Control Center**.

Note: Make sure that Wi-Fi is on, connected to LUC network, and that Bluetooth is turned on.
2. By turning on **Do Not Disturb**, all notifications, messages and calls will be turned off and stops them from appearing on the screen.

3. If Wi-Fi and Bluetooth are both turned on, an Airplay option will display.
4. Select **Airplay**.

5. Choose the classroom that you wish to connect to.
6. Swipe up from the bottom of the screen on your device to make sure mirroring is on.

Note: Only one device can be connected to the Apple TV at a time.

7. Your device will ask you for a 4-digit code that will appear on your screen.
Note: In order to see the 4-digit code on the projected screen, you will need to display the Apple TV screen by selecting the correct source from the touch panel.

**Disconnecting a Device from an Apple TV**

1. Swipe up from the bottom of the screen on your device to access the Control Center.
2. Press the AirPlay icon.
3. Select the device from the list (i.e. iPhone, iPod, iPad).
