Connecting to an Apple TV

Requirements to Connect an Apple Device with an Apple TV

1. Must be running iOS 7 or newer and be equipped with Bluetooth 4.0. Click here for information on identifying your device.
2. Enable Bluetooth and be connected to Loyola University’s wireless network.

Connecting a Device to an Apple TV

1. Swipe up from the bottom of the screen on your device to access the Control Center.
2. Press the AirPlay icon.
3. Select the current classroom and turn on Mirroring.
Connecting to an Apple TV

4. Enter the **On-Screen Code** that appears on the Apple TV screen and click **OK** on your device.

**To Disconnect a Device from an Apple TV**

1. Swipe up from the bottom of the screen on your device to access the **Control Center**.
2. Press the **AirPlay** icon.
3. Select the device from the list (i.e. iPhone, iPod, iPad).
Important Reminders

1. Only one device can be connected to the Apple TV at a time.
2. By turning on Do Not Disturb, all notifications, messages and calls will be turned off which stops them from appearing on the screen.
