The Electronic Classroom (EC) consists of three basic units: 1) Ceiling Projector and Remote Control 2) Computer and Monitor; and 3) Equipment Rack (shown below). Equipment rack includes: Main Power, Auxiliary Plate, “Extron” MediaLink Switcher, Mixer, and VHS/DVD combo player.

To Turn On the Ceiling Projector:

1. Locate the remote control (attached to the worktable).
2. Point the remote at the ceiling projector and press the orange power button in the upper left corner, a few times. You will hear the projector fan go on, and see a blue light gradually glowing in the projector lens.

To Turn On Equipment*:

The Equipment Rack is located inside the cabinet on the table.

1. Make sure the Main Power switch (on the right), as shown below, is “ON”.
2. To adjust the volume, turn the Volume Adjust knob on the Extron Switcher.

* The power buttons of all rack equipment should remain in the “ON” position.
** If you are using the VHS/DVD combo player, and it does not respond, check to see if the power was shut off manually on the left side of the player.

To Project an Image from the Computer Workstation:

1. Turn on the computer and monitor, if not already on, as you normally would.
2. Turn on the ceiling projector (see “To Turn on the Ceiling Projector” Instructions above).
3. Press the Comp1/2 button on the remote control and toggle until you see Computer 1 in the upper right corner of the screen.
4. Press input #4 PC on the Extron Switcher.

To Login to a Workstation:

1. At the prompt, hit the Ctrl+Alt+Del keys on the keyboard
2. Type your Username and Password and click the blue arrow button.

For immediate assistance, please call ext. 8-4ITS

Hours of Operation: M-F 7am-9pm • Sat 8am-3pm • Sun Closed
** Please note that support hours are subject to change without formal posting.
To Use your Laptop Computer in the Classroom:

1. Turn on the ceiling projector (see “To Turn on the Ceiling Projector” Instructions).
2. Connect the laptop’s VGA output and audio ports to the “LAPTOP INPUTS” on the Aux Plate.
3. On the remote control, press the Comp1/2 button on the remote control and toggle until you see Computer1 in the upper right corner of the screen.
4. Press input #6 Laptop on the Extron Switcher.
5. Turn on the power to your laptop. There is a convenience plug located near the top of the rack.
6. If you don’t see the laptop’s image on the screen, toggle the Laptop’s Function LCD/CRT (Display) button.

Projecting a VHS tape or DVD:

1. Turn on ceiling projector (see “To Turn on the Ceiling Projector” Instructions).
2. On the Extron Switcher, press input VCR/DVD button.
3. On the projector remote control, press the Video1/2 button and toggle until you see Video 2 in the upper right corner of the screen.
4. Insert your VHS or DVD and press play.

Please Power Down the Projector Before You Leave the Room

System Shutdown:

Point the remote at the ceiling projector and press the orange power button, in the upper left corner, TWICE. You should see the blue glow within the lens shutoff and the screen goes dark. NOTE: The fan remains on even though the projector is off.
