The Electronic Classroom (EC) consists of four basic units: 1) Projector; 2) Computer and Monitor; 3) Crestron Touch Panel (shown below); and 4) Equipment Rack (shown below). Equipment rack includes: Main Power, Auxiliary Plate, and Blu-ray player.

To Activate System:

Locate the Touch Panel, and select the source you wish to use with the hard buttons on the right hand side.

Please note – If the system is not powered down properly you may have to shut down the system properly (Explained below; see System Shutdown)

To Turn on the Data Projector:

After selecting your source, the Projector will turn on and the screen will lower automatically. It may take up to minute for the projector to fully warm up.

To Project an Image from the Computer Workstation:

1. Turn on the computer and monitor, if not already on.
2. Press the Computer button on the Touch Panel.
3. If you do not see the computer image (you may have to wait for Projector to warm up ~1 min): After waiting a minute, press Computer one more time to see if this brings it up.

To Login to a Workstation:

1. At the prompt, hit the Ctrl+Alt+Del keys on the keyboard
2. Type your Username and Password and click the arrow button.
To Project a Bluray/DVD:

1. On the Touch Panel, press the Bluray hard button.
2. Insert your disc, and press play via the Touch Panel.
3. If you do not see the image of the disc, you may need to reselect Bluray on the Touch Panel.

To Use your Laptop Computer in the Classroom:

1. Using the VGA or HDMI cables provided to you, connect your laptop.
2. On the Touch Panel, press the Laptop button.
3. Select which cable you are using, VGA or HDMI.
4. If you don’t see the laptop’s image on the screen, toggle the laptop’s Function LCD/CRT (Display) button and reselect VGA or HDMI from the Touch Panel.

Please Power Down the Projector Before You Leave the Room

System Shutdown:

Using the Touch Panel, press the POWER hard button, and then press YES.
