Access Statistics for a Panopto Folder

1. From your Panopto folder, select the statistics icon in the upper right-hand corner of the page.

2. Filter the views by a specific time period.

   ![Filter Options]

3. Below you will see how many views each session has, the minutes viewed, the average minutes viewed, and unique users.

   ![Sessions Table]

   **Note:** If you select the title of a session, you can view the breakdown of users that viewed that session.
