“Submit a Comment” Assignment

1. Click the Submit a Comment button to add an assignment for students to comment on existing or new voicethreads in the course.

2. Select from the list of existing voicethreads on the left, or create a new voicethread for which students will be required to leave comments.

3. After selecting the VoiceThread for student comments, enter an assignment description and select the number of comments students will be required to make. Click Create Assignment when finished.
