LUC Academic Technology Committee
Wednesday, November 28, 2007
Minutes

Deatherage, Janet  School of Continuing & Professional Studies
Ensminger, Dave  School of Education
Hupert, Anne  College of Arts and Sciences
Malliaris, Mary  School of Business Administration
Maloney, Diane  Institute of Pastoral Studies
Montes, Bruce  Information Technology Services
Moy, Terry  Marcella Niehoff School of Nursing
Scheidenhelm, Carol  Academic Affairs
Tuchman, Nancy  Office of Research Services

I. Current Technologies/Issues:
   a. Disaster preparedness “drill” idea for course delivery: we discussed the idea of having a few
      faculty volunteer to teach online for a few class periods/weeks or a time they determine as a
      means of testing our preparedness to teach online.
   b. Other ideas for technology-related drills?

II. Topics for discussion: brief overview of committees: topic facilitators were reminded to updates of the
   discussions to date regarding their topics and place them in the wiki. Carol will compile the reports for
   the Executive Steering Committee meeting and send a file to the group.

III. Spring meetings: please send your spring availability to Carol so we can schedule our meetings.

IV. Lab Session: Morrie Reece of Apple Computers presented a session on electronic portfolios and how
   they can be used in higher education. Apple also supplied a lunch for the group.

V. Technology Priorities and Facilitators: (as listed in Wiki: http://academictechnology.pbwiki.com/
