Graduate Student Mentor Award: Nomination Form

Loyola’s Undergraduate Research Opportunities Program (LUROP), in the Center for Experiential Learning, is pleased to join with the Graduate School to solicit nominations for the Graduate Student Mentor Award. The award has been established to recognize and reward the exceptional work of Loyola’s graduate student mentors in the area of mentoring undergraduate researchers. This nomination is due March 1st.

Nominees must be current graduate students at Loyola University Chicago. Nominations can come from current undergraduate students only. After you submit this form, LUROP will email your mentor, requesting a 1-page statement reflecting on his or her theory, practice, and impact as mentor to undergraduate researchers. Award decisions will be made by a committee of faculty and professional staff. Awards will be presented at the spring Undergraduate Research & Engagement Symposium on April 22, 2017.
