The following is a list of contacts for scheduling your assigned Restorative Service Hours. The Office of Student Conduct and Conflict Resolution has already established a working relationship with the following supervisors and directors. They are aware that students will be contacting them to make arrangements. It is imperative that you remain professional and courteous at all times when corresponding or communicating with staff.

Please remember that it is your responsibility to schedule and complete your hours. Also, for your benefit it is recommended that you retain any email correspondence with staff and/or a copy of the Restorative service form.
