BACKGROUND OF LENT

Lent is a forty day period of time during which Christians devote themselves to prayer, fasting, and works of mercy as a way of preparing themselves to celebrate Christ’s death and resurrection at Easter. Originally a time of preparation for those who would be baptized on Easter, Lent gradually became a time when those who had left the practice of their faith would return to Christ and the Church. Today, Lent offers Christians an opportunity to prepare themselves to recommit to their baptismal promises at Easter by returning to the basic practices of their faith.
