Students will live at a guesthouse centrally located in Ho Chi Minh City in double occupancy rooms that are comfortable and clean. Each furnished room includes a private bathroom, small refrigerator, television and phone. The rooms are serviced daily, including basic cleaning and laundry pick up (for those students using the inexpensive laundry service). Rooms are air conditioned by wall units, typically run only when people are in the room. Students will have the option to live with a Vietnamese roommate from Loyola’s partner institution in Ho Chi Minh City, the University of Social Sciences and Humanities (USSH).
