DIVERSITY CLIMATE SURVEY

Fall 2017 Focus Group Invitation

WHO?
Loyola University Chicago Administrators are invited to participate in a focus group in order to candidly share your perceptions regarding university experiences related to respect and care, academic programs, support, and Loyola’s commitment (specifically) concerning diversity and inclusion practices on campus. Focus group feedback will have a direct impact on the design of the Climate Survey, which is scheduled for release during the last week of October 2017.

WHEN?
• The focus group for Administrators will take place on September 21 from 3:00PM – 4:30PM in Lewis Towers, suite 853 (Water Tower Campus).

WHY?
Part of Loyola University Chicago’s mission and identity includes incorporating a Jesuit education and community experience designed to seek the truth, and to form faculty, staff, and students into a whole person of solidarity while taking responsibility for the real world. We must have an educated awareness of society and culture, a sense of being interrelated and interconnected, and a commitment to act for the rights of others, especially the disadvantaged and the oppressed.

In the spirit of understanding where the university’s culture of difference stands, Loyola has contracted with Willis Towers Watson to develop and implement a comprehensive campus-wide Climate Survey. The survey will be designed to assess the attitudes and behaviors among faculty, staff, and students regarding diversity and inclusion experiences taking place on-campus.
