## **Loyola University Chicago**

## **Unrelated Business Income (UBI) Questionnaire**

This form should be completed by any department entering into an agreement to provide services to an external company/entity. UBI rules require a tax-exempt organization to pay income tax when the organization regularly carries on a trade or business that is not substantially related to the organization's exempt purposes. Performing the UBI analysis requires significant review of specific facts to properly determine whether or not an activity may generate unrelated business income or whether a particular exception applies. If the agreement is deemed to be UBI, the Tax Office will work with your department to gather additional information and, if necessary, report the UBI on LUC's annual tax return.

Please answer all the questions below. Please be as thorough as possible with your responses.

Name of Project/Contract under Consideration:	
1.	Describe in detail the services that LUC will perform.
_	
2.	Does the activity have a significant relationship to LUC's educational and/or research mission?
	If Yes, please explain how it contributes to the mission.
