<th>1. Students interested in a judicial externship for academic credit during the 2019 summer and/or fall semesters should submit their résumés and transcripts using the Pearson system (formerly the Symplicity system). We will provide these materials to the judges that we partner with each semester. Note: Some judges may ask for additional documents which may include a request for a writing sample. If that is the case, please make sure that your writing sample has been carefully reviewed before you submit it to the judge. Always submit your best work.</th>

### Conflicts

10. As indicated above, the law school will submit your documents to the judges participating in our program on your behalf. Judges who participate in the program will make the selection, interview (in person and/or by telephone in some cases) and extend offers. While we advise the judges of our internal deadlines, their schedules vary with respect to when they will begin the selection process.

11. If you are extended an offer, the expectation (assuming no conflicts of interest), is that you will accept the offer and decline other interviews for judicial field placements that may be pending. Students must honor this commitment.

12. The instructions for the collection of student résumés and transcripts related to the Judicial Collection Process is attached as Exhibit A to this document. Review it carefully.

13. Students working in chambers for a state court judge (Circuit Court of Cook County) will need to disclose whether they also will be working or intend to work in any other legal capacity to the judge and law school. Students may not work in any other legal capacity while working as an extern for a state court judge. This is a directive from the Office of the Chief Judge of the Circuit Court of Cook County. Conflicts should be disclosed in all cases with prospective supervisors. Certain federal court district court and magistrate judges may also have similar policies in place. It is important that you disclose this information.

14. Please also review Pearson and Law School Announcements for opportunities that may become available with judges independent of this process.

15. It is critical that students review the list of approved externship sites on the Pearson System. New opportunities will also be provided through Law School Announcements on a regular basis. Information regarding each site and their application processes and requirements may be found in those locations. In the majority of cases, students apply directly to the approved site of their choice.

### Application Process for all other Extern Intensive Field Placements

There are only a few exceptions. One important one is the application process for Cook County. Students interested in serving as an extern at any of the following sites apply directly to Professor Josie M. Gough:

- Cook County Health Systems
- Cook County Bureau of Labor
- Cook County Department of Revenue
- Cook County Department of Risk Management
- Cook County Commission on Human Rights and Ethics
- Cook County Department of Revenue
- Cook County Department of Risk Management
- Cook County-Office of Commissioner Larry Suffredin
- Cook County Office of the President
- Cook County Bureau of Technology
### Registration Process

Students interested in any of the placements listed above for the summer or fall semester should submit 2 copies of their cover letter, résumé, and unofficial transcript to Professor Gough by personal delivery no later than one month prior to the internal law school application deadline. The cover letter should be addressed to Professor Gough for all Cook County placements. **YOU MAY NOT CONTACT THE COUNTY DIRECTLY. THIS WOULD BE A VIOLATION OF THE COUNTY’S HIRING PROCESS.** This does not apply to the Office of the Cook County State’s Attorney or Law Offices of the Cook County Public Defender.

16. Once you have secured an externship (including confirmation of your background check or other site requirements), you must submit an internal externship application to Director Bess. This is the first step in the registration process. Director Bess will review, approve and transmit the application to the law registrar on your behalf.

17. Additionally, if you have applied to a site but are still waiting for a confirmation, you should submit an application to Director Bess prior to the deadline. If you are not selected for the placement or your plans change, you will not register for the placement and course. This will insure that you do not miss the internal deadline for submission of the internal law school application and it will hold your place in class.

18. Students interested in the externship program are required to attend an information session. **THIS IS MANDATORY.** Logistical information will be provided through Law School Announcements. Sessions are also provided during the week, including on Saturday’s.

### Externship Seminar Course

The course is graded pass/fail.

### Special Program: Workshop

20. All students who are interested in the externship program, the Education Practicum Program, serving as a volunteer or clinician during the summer, fall or spring semesters are encouraged to attend the annual Professionalism Workshop. The Professionalism Workshop will be held on **May 10, 2019** in the Philip H. Corboy Law Center, Power Rogers & Smith Ceremonial Courtroom beginning at 9:00am. The workshop will conclude at approximately 3:00 pm. Details regarding this event will be published on the externship website, through law school announcements, and Career Services publications.
