temporary assignment
Depending on arrival date, some students may be housed in a temporary on-campus assignment for a portion of their Early Arrival period due to renovations and start-of-year room preparations. You will be notified if this applies to you.

limited resources
Please note that since you will be arriving on campus outside of our standard move-in dates, staffing and resources (including moving carts) may be limited and we may still be preparing your room for the beginning of the year. To borrow a moving cart, you will need to provide a government-issued ID.

dining and meal plans
Meal Plans will become active on the dates listed below. Prior to these dates, some dining locations may be open but students will be responsible for purchasing meals out-of-pocket.

- August 18 | Dining Dollars available
- August 21 | All-Access Meal Swipes available

parking
During most Early Arrival periods, Loyola University Chicago does not provide adjusted street closures/parking restrictions. Please pay close attention to all posted parking signs. Nearby lot parking may be available at the standard daily rates (validation is available in the Corboy Law Center lobby for certain lots).

policy enforcement
Taking part in Early Arrival is a privilege, which may be revoked if you violate Residence Life and/or University policies. All policy violations will be referred to the Office of Student Conduct and Conflict Resolution.

a note for move-in volunteers
If you are serving as a Move-In Volunteer, you must attend all mandatory trainings and work your assigned shifts. Should you fail to complete these requirements, you may be billed for your stay. Please check-in no later than 2PM on Monday, August 20, 2018.

If you need to update, change, or cancel your Early Arrival or if you have received this information in error, please contact our office.
