Greetings, STUDENT,

I am writing to provide you with an update regarding Room Selection and Deferred Housing. As we predicted, we received more Junior and Senior Applications than we have spaces available. At this time you have been placed on the Deferred Housing List. We will begin to contact students from the Deferred Housing List as spaces become available after Spring Break and will continue to contact these students throughout the semester and summer with on-campus housing offers.

While we cannot guarantee availability for Juniors and Seniors, we do receive a number of cancellations throughout the spring semester and summer for various reasons, which allows us to accommodate students who have not yet been assigned. Last year, we were able to offer housing to over 87% of the students who remained on the Deferred Housing List. If we are able to offer you a space, we will contact you via email. It is critical that you check your email daily so you do not miss important updates from our office.

If you know you want to live on-campus, your best course of action is to remain on the Deferred Housing List. Should you choose to explore your off-campus options, the University has several resources to assist you in exploring off-campus housing. Visit LUC.edu/offcampus for more information.

If you secure accommodations off-campus or decide that you would like to be removed from the Deferred Housing List, you may submit a Request for Release from the Housing Contract online at forms.LUC.edu/eRelease. If you submitted a prepayment, it will be refunded to the credit/debit card used for payment after your release is approved.

When determining the Deferred Housing List, roommate group lottery numbers were taken into account. If you are part of a Roommate Group, all Junior or Senior members of your group were placed on the Deferred List based on their lottery number. Students on the Deferred List will not be able to be pulled in by another student during Room Selection. As we begin to make housing offers to students, we will take your roommate preferences into account. While we cannot guarantee placement with your preferred roommates, we will do our best to accommodate you.

If you would like to update your application or roommate preferences, you may do so via the Residence Life Portal after March 12, we will send another email when the preference update form is available.

I apologize for any inconvenience or frustration that this has caused for you. Please contact our office if you have any questions.

Clair McDonald
Assistant Director for Assignments Marketing and Communication
