MEASURE OF THE SENATE
Funding of the Resource Magnet Act
To fund a resource magnet that will better inform the student body

26.2.1

to be filed by the Secretary of the Senate

Signed by the President of the Student Government of Loyola Chicago

Chiefly Sponsored By:
Senator Sophie Yano

Co-Sponsored By:
The Academic Affairs Committee
Funding of the Resource Magnet Act

To fund a resource magnet that will better inform the student body

Whereas, Loyola offers many useful resources that can help students succeed academically, lead healthy lives, and prepare for future careers such as the Tutoring Center, the Wellness Center, Student Government, LIT, Library Resources, Financial Aid, and Career Development Center and

Whereas, A list of such resources was compiled and turned into a magnet by the Communications team which could potentially be handed out to students during tabling and other events and

Whereas, The consensus of the Senate was that these magnets would like to be treated as a Student Government of Loyola Chicago (hereafter referred to as SGLC) resource rather than an Academic Affairs resource and

Whereas, The cost of printing these magnets is higher than any one committee can afford and,

Whereas, The Senate Discretionary fund can be used to advance and support Senate initiatives.

Be it enacted, That $570, or the amount decided by the Communications Team, from the Senate Discretionary Fund be used to acquisition 2,000 resource magnets from Discount Mugs.
