### Rescheduling Guidelines

After the track lottery assignment is complete, students are encouraged to seek out trades for entire tracks or single clerkships among classmates. If a trade is agreed upon by both parties, they should contact Agape Lamberis and Claire Manor in Registration & Records for schedule adjustments. Rescheduling of individual required clerkships without a trade may be possible, according to the following guidelines:

- 1) Students must maintain at least one required clerkship (EM, Sub-I Wards or ICU) in the first half of the year (May - October).
- 2) Student numbers per month must not exceed the maximums set by the course directors, i.e., there are roster caps for each clerkship/month.
- 3) After Sub-I site/service assignment (a separate process) is complete, students must seek approval from the Sub-I coordinator (Vivian Ortiz) regarding any changes to their site/service assignment.
- 4) All schedule and site/service changes must be made at least 45 days in advance of the course start date.

**All schedule changes must be completed through and confirmed by the Office of Registration & Records.**
